

# 2025 behind-the-meter energy storage projects

## 2025 behind-the-meter energy storage projects

---

### [Global BESS demand jumps 51% in 2025 as installations top 300 GWh](#)

Grid-scale projects were the primary driver of growth, accounting for nearly 240 GWh of global installations. Project sizes continued to increase, with 46 giga-scale projects entering

### [Behind-the-Meter Storage Analysis , Transportation and Mobility](#)

NLR's behind-the-meter storage analysis research focuses on technologies that minimize the costs and grid impacts of electrification for consumers by balancing peak energy demands,

### **Gender Gap Report 2025 , World Economic Forum**

Global Gender Gap Index 2025 benchmarks gender parity across 148 economies, offering trend analysis, key findings, and insights into progress since 2006.

### **These are the Top 10 Emerging Technologies of 2025**

The World Economic Forum's latest Top 10 Emerging Technologies report explores the tech on the cusp of making a massive impact on our lives.

### **2025 Trends in Behind-the-Meter**

### [Behind-the-meter storage-as-a-service gaining ground](#)

Under this approach, companies can access behind-the-meter energy storage through a subscription-based model that lets them avoid

### **Behind-the-meter generation is picking up traction**

In a recent note to investors, the investment bank Jefferies wrote that EPCs and IPPs are increasingly embracing large, gigawatt-scale behind-the-meter generation projects to avoid waiting in

### **Storage and**

Discover the top behind-the-meter (BTM) trends from Gridcog Unplugged London, including market reform, co-location strategies, and battery storage investments.

### **Behind the Meter vs Front of the Meter BESS: Which**

The comparative evaluation of Behind-the-Meter (BTM) and Front-of-the-Meter (FTM) Battery Energy Storage Systems in 2025 underscores

### [In charts: 7 global shifts defining 2025 so far , World Economic Forum](#)

2025 has been marked by significant global shifts, including increased geopolitical instability, the accelerating impact of AI and a changing labour market.

## [The Future of Jobs Report 2025 , World Economic Forum](#)

Technological change, geoeconomic fragmentation, economic uncertainty, demographic shifts and the green transition - individually and in combination are among the major drivers

## [Behind-the-Meter Energy Storage System Market Report: Strategic](#)

Discover the booming Behind-the-Meter Energy Storage System market! This comprehensive analysis reveals key trends, drivers, restraints, and regional insights for 2025-2033.

## [The top nature and climate stories of 2025 , World Economic Forum](#)

2025 has brought both challenges and breakthroughs for nature and climate around the world. From 'no deal' on a global plastics treaty to renewables overtaking coal in power production,

## **Future shocks: 17 technology predictions for 2025**

By 2025, the lines separating culture, information technology and health will be blurred. Engineering biology, machine learning and the sharing economy will establish a framework for

## [City of Fresno expected to save \\$122 million in bills with](#)

The City of Fresno Department of Public Utilities (DPU) engaged ForeFront Power to install a behind-the-meter solar and energy storage

### **This is how people in 2025 are getting their news**

The 2025 Digital News Report, which distills data from six continents and 48 markets, finds that these traditional news media sources are struggling to connect with the public, with

### **Global Risks Report 2025 , World Economic Forum**

The Global Risks Report 2025 analyses global risks to support decision-makers in balancing current crises and longer-term priorities.

### [Behind-the-Meter and Co-Located Battery Energy Storage](#)

Attention in recent years in the storage industry has primarily been on utility-scale storage, but this briefing quantifies the current scale and characteristics of what we deem hybrid storage assets

### **PDR for Behind**

More than 50% of new rooftop solar systems are now paired with batteries, up from ~20% in 2023; companies like Sunrun are deploying nearly all solar with storage.

## [What's happening across global labour markets in 2025? , World](#)

Explore 2025 labour market trends: Record wages in Brazil, low US participation, UK four-day workweek rise, and China's youth job challenges.

## **Davos 2025 Highlights , World Economic Forum**

Davos 2025 Highlights So what were the highlights at Davos this year? Under the theme "Collaboration for the Intelligent Age," nearly 3,000 people from more than 125 countries came together to address
