

380v grid-connected inverter modification for home use

Overview

In this video I cover wiring the inverters for split phase AC input or grid assist. With this 50 amp circuit I will be able to charge my batteries from grid when there is not enough solar during the winter months. Here's how it works: your solar panels feed DC power into the. The objective - Reuse one of my spare GTIs to assist an off grid inverter in a totally off grid setup, with both running on the same circuit. However, such a conversion has its technical challenges and requires specific components that will ensure stability and efficiency of the system. Grid-Tied Inverters depend on a.
