Overview

These are field-proven systems that will provide extremely reliable electrical power. • Shipping containers are easily transported, inexpensive, rugged and secure. No road - can be barged or flown in • Split phase, 3-phase power. ISO container-housed generator packages engineered for rapid deployment, harsh environments, and low-noise operation. Logistics-ready: containers ship as standard freight-lower. We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are CATL brand, whose LFP chemistry packs 1 MWh of energy into a battery volume of 2. In Canada these units are especially appealing because they simplify transport across long distances and difficult. Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines.
