

Customization of batteries for solar telecom integrated cabinets

Overview

One of our recent projects with a leading U. solar engineering company perfectly illustrates how E-abel helps partners expand their offerings through tailor-made solar battery storage cabinets, designed to house both inverters and battery systems. A solar power inverter and battery system gives steady power to telecom cabinets, keeping them running during power outages. Using solar energy lowers the need for fossil fuels, saving money and helping the environment, which aids global climate goals. Low-profile, space-saving design (15-50 kWh) featuring highly flexible mounting (wall-, pole- or floor-mount) to suit varying site topography. Internal fire. Ideal for on-grid, bad-grid and no-grid sites, the NetSure™ 5100 for hybrid applications manages multiple energy sources with ease.
