

Egypt Alexandria water pump solar panel manufacturer

Overview

About EK SOLAR: Specializing in renewable energy solutions since 2010, we provide customized solar pumping systems for agricultural and industrial applications. Our Alexandria-based facility combines German engineering with local expertise to deliver reliable, high-efficiency systems. These systems reduce reliance on grid electricity. Solaire Egypt was officially established in 2020 after the partners, Ibrahim Hassaballa, Mohamed Ali and Amr Haridi met and realized they form a team with the perfect balance of expertise for renewable energy. The founders aimed on addressing the market gap when it comes to the lack of affordable. Solar pump is the most applicable source to be used to pump in the desert or non-cultivated land. solar pump system can use the sun to pump water from underground for irrigation system. Our mission is to empower our customers in remote and urban areas to effectively harness solar power.
