

Explosion-proof North American power storage cabinet for IoT base stations

Overview

As North America's largest, most experienced manufacturer of highly engineered, custom-built, and ruggedly constructed modular e-houses, we provide ballistic-rated e-houses, custom e-houses, modular data centers, power distribution centers, and BESS (Battery Energy Storage). As North America's largest, most experienced manufacturer of highly engineered, custom-built, and ruggedly constructed modular e-houses, we provide ballistic-rated e-houses, custom e-houses, modular data centers, power distribution centers, and BESS (Battery Energy Storage). As a joint venture with a legacy dating to 2009, we've refined our energy storage cabinet through four generations of innovation. This versatile solution seamlessly adapts to key application scenarios—from peak shaving to virtual power plant integration, backup power, and three-phase unbalance. Kleev stands at the forefront of safety and innovation, offering a range of explosion-proof enclosures tailored to meet these stringent safety requirements. They are available in more than 100 standard sizes, some with optional conduit and device drilling and tapping.
