

Far East New Energy Storage

215kWh

8,000+ Cycles Lifetime

IP54 Protection Degree

Overview

Leveraging its deep expertise in the power energy sector, Far East Energy Storage has launched two self-developed industrial and commercial energy storage products: the PowerPLANT 230 PLUS outdoor liquid-cooled energy storage integrated cabinet and the PowerPLANT 370 outdoor. Leveraging its deep expertise in the power energy sector, Far East Energy Storage has launched two self-developed industrial and commercial energy storage products: the PowerPLANT 230 PLUS outdoor liquid-cooled energy storage integrated cabinet and the PowerPLANT 370 outdoor. Leveraging its deep expertise in the power energy sector, Far East Energy Storage has launched two self-developed industrial and commercial energy storage products: the PowerPLANT 230 PLUS outdoor liquid-cooled energy storage integrated cabinet and the PowerPLANT 370 outdoor liquid-cooled energy. [Far East Group's energy storage contract amount exceeded 300 million yuan in February] Far East Corporation announced on March 2nd that its subsidiary has won the bid for a project. According to the announcement, in February 2026, the total amount of contracts and orders worth over 10 million yuan. According to EnergyTrend, the global energy storage market continues to heat up, with a wave of new orders landed both domestically and internationally. Huawei secured a microgrid project in Brazil worth over RMB 1.1 billion, Far East Holding won energy storage bids exceeding RMB 300 million in. From strategic signing to rapid deployment At ESIE 2026, Far East Battery officially entered a strategic partnership with Xingji Cloud Energy to advance smarter C&I energy storage solutions. The first joint project has already been deployed at Guangdong Kegou Intelligent Technology, powered by. From June 13-15, the SNEC PV+ International Solar Photovoltaic and Smart Energy (Shanghai) Conference and Exhibition was held in Shanghai, gathering over 3,500 exhibitors and more than 500,000 attendees. , and committed to the R&D , manufacturing and after-sales service of safe, reliable and high-performance lithium cells, battery packs and BESS solutions. Current production capacity of pouch cell is 1GWh and scheduled to 12 GWh.
