Green What Solar Power Generation

Color blindness

Color blindness is usually inherited, meaning it's passed down through families. Men are more likely to be born with color blindness. Most people with color blindness can't tell the difference

Stool color: When to worry

Stool color is generally influenced by what you eat as well as by the amount of bile - a yellow-green fluid that digests fats - in your stool. As bile travels through your digestive tract, it is

Baby poop: What to expect

Yellow-green. Your baby's poop may turn this color once the meconium stool has passed. Yellow. Breastfed newborns usually have seedy, loose stool that looks like light mustard.

Urine color

Urine can turn green due to a medicine for pain and arthritis symptoms called indomethacin (Indocin, Tivorbex). Green urine also can be caused by propofol (Diprivan), a strong

Discolored semen: What does it mean?

Yellow or green semen. Semen can look more yellow as a person gets older. Other causes could be an infection, jaundice, or a side effect of taking medicine that turns the semen

Green smoothie

Ingredients 1 banana Juice of 1 lemon (about 4 tablespoons) 1/2 cup strawberries 1/2 cup other berries, such as blackberries or blueberries 2 ounces fresh raw baby spinach (about 2 cups) Fresh mint to

Bacterial vaginosis

Thin, vaginal discharge that may be gray, white or green. Foul-smelling, "fishy" vaginal odor. Vaginal itching. Burning during urination. Many people with bacterial vaginosis have no

Spitting up in babies: What's OK, what's not

Spitting up is common in babies. During their first three months, about half of all babies do it. The food backs up from the baby's stomach through the same tube that carries food to the

Mucus in stool: A concern?

Larger amounts of mucus in stool, associated with diarrhea, may be caused by certain intestinal infections. Bloody mucus in stool or mucus along with belly pain may signal a more serious

What Is Green Power? , US EPA

Within the U.S. voluntary market, green power is defined as electricity produced from solar, wind, geothermal, biogas, eligible biomass, and
