

Information about smart grid

Overview

The smart grid is an enhancement of the 20th century , using two-way communications and distributed so-called intelligent devices. Two-way flows of electricity and information could improve the delivery network. Research is mainly focused on three systems of a smart grid - the infrastructure system, the management system, and the protection system. Electronic power conditioning and control of the.

Information about smart grid

word choice

informant: a person who gives information to the police about secret or criminal activities So, as I read, informant/informer deals with information passed on to some authorities secretly.

What are other phrases for "full of information"?

I'm thinking of the following: info-packed / information-packed knowledge-packed I guess these are grammatically acceptable but probably there are better choices.

[Provide information "on", "of" or "about" something?](#)

Normally you'd say "important information" or "urgent information", but the of form is a well-accepted formal phrasing. You might try to use it to indicate owner of the information, but that's
