

Is it legal to plant photovoltaic panels in tree pits

Overview

The regulation states that "a property owner may not plant any tree which, when fully grown, will shade a solar collector existing at the time of the planting of the tree. " To view the provision, see Hartford, CT Zoning Regulations §6. Ashland, OR. Solar development within Pennsylvania must adhere to all applicable local and state laws and regulations. Grid-scale solar is an emerging market in Pennsylvania, and current guidance for addressing the development process those types of projects is provided below. These resources will be updated as. While the federal government is involved in the siting of natural gas, hydroelectric plants, and certain transmission infrastructure, it has no authority whatsoever over the siting of solar arrays on private land.
