

Liberia solar incentives

Overview

Liberia's President signs Executive Order #134, extending the import tariff suspension on off-grid solar products to attract private investment and meet 2050 climate goals. The executive order effectively continues the policy established by the preceding Executive Order #107. The LSHS-RBF provides Direct Subsidies (DS) which reduce the overall cost of ownership of SHS for eligible beneficiaries thus addressing the affordability gap and Indirect Subsidies (IS) which aim to provide an incentive for companies to expand and operate in underserved markets. In a Results-based. The two companies will participate in The Liberia Solar Home System Results-based Financing (LSHS-RBF) program, which offers incentives for deploying off-grid solar systems. The program is implemented by Energising Development (EnDev) and BRAC Liberia with funding from the Netherlands Government. Rural communities across Liberia are to shortly benefit from solar energy through a World Bank-sponsored program. The signing ceremony marks a significant milestone in the efforts to increase access to clean and sustainable energy in Liberia.
