Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC

Modular Homes

Constructing a modular home involves creating building modules in a controlled factory environment. (Traditional homes, meanwhile, are built entirely at the construction site.)

MODULAR Definition & Meaning , Dictionary

Use the adjective modular to describe something that is made up of pieces or parts, like a gerbil's habitat of tubes and cages, or a new house that

Modular Homes

Simply put, modular homes have sections that are built in a factory, rather than being fully built on a home site. These parts are then transported to the site and assembled by a builder.

Modular Home Builders Association
