

Modular battery cabinet for emergency rescue 1000mm deep

Modular battery cabinet for emergency rescue 1000mm deep

BATTERY CABINETS CATALOGUE

The monoblocks making up the battery are made of flame retardant material according to UL 94 class HB or V0 standards, this type of construction makes them particularly suitable for installation in

Modular Homes

Constructing a modular home involves creating building modules in a controlled factory environment. (Traditional homes, meanwhile, are built entirely at the construction site.)

Modular Homes

Simply put, modular homes have sections that are built in a factory, rather than being fully built on a home site. These parts are then transported to the site and assembled by a builder.
