### Table of State Energy Storage Targets and Progress

States define, count and report energy storage targets and procurement information differently. We have done our best to resolve these differences within this table, but some discrepancies are unavoidable.

### [Proposed California Legislation Aims to Reshape Land Use Approvals](#)

The interplay between the new state bills makes data center site selection multi-dimensional, requiring careful review of environmental constraints, proximity to overburdened

### [Create new column based on values from other columns / apply a](#)

For the examples below - in order to show multiple types of rules for the new column - we will assume a DataFrame with columns 'red', 'green' and 'blue', containing floating-point values ranging 0 to 1.

### [How do I push a new local branch to a remote Git repository and track](#)

How do I: Create a local branch from another branch (via git branch or git checkout -b). Push the local branch to the remote repository (i.e. publish), but make it trackable so that git pull and

## Energy Storage Policy

In addition to the state survey, we also surveyed six energy storage development companies and one industry consultant, to compare their policy priorities with those of the state energy agencies.

## [Move the most recent commit \(s\) to a new branch with Git](#)

A graphical version manager where you would just add a tag for the new branch without dealing with what seems to me obscure and archaic syntax would be such a relief. My kingdom and

## How to open link in a new tab in HTML?

Note I previously suggested blank instead of `_blank` because, if used, it'll open a new tab and then use the same tab if the link is clicked again. However, this is only because, as GolezTrol

## What is the 'new' keyword in JavaScript?

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems

## [New site design and philosophy for Stack Overflow: Starting February](#)

Ah, but new experts will rise up and embrace the new, friendly Stack Overflow that they have always wanted. And maybe rediscover the same things the bitter, hateful old guard found.

## **When to use "new" and when not to, in C++?**

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

## [Energy Storage Regulations and Deployment in California](#)

California balances the potential benefits of increased energy storage by implementing safety and environmental regulations and conducting thorough assessments before approving any new storage

### Difference between 'new operator' and 'operator new'?

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof
