Overview

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications. Backup power: Supply power to the load when the power grid is out of power, or use as backup power in off-grid areas. Enhance power system stability: Smooth out the intermittent output of renewable energy by storing electricity and dispatching it when needed. Scalable from Residential to Utility. In-house IoT EMS hardware and software provide cost-effective solutions for managing distributed energy. AZE is at the forefront of innovative energy storage solutions, offering advanced Battery Energy Storage Systems (BESS) designed to meet the growing demands of renewable energy integration, grid stability, and energy efficiency.
