

Photovoltaic panel installation trough box

Overview

The box is UL-listed, NEMA-3R-rated, and supports up to 1500-volt systems. It is made of a NORYL™ resin, known for its long-lasting UV-resistance and impact strength. JayBox® is available in two options: Roof Mount and Rail Mount-so you can keep all of your solar wires nested and. Check each product page for other buying options. Need help?

Equip your solar panels with weatherproof junction boxes featuring lightning arresters and circuit breakers for enhanced safety and performance. The original and genuine RevoPower solar panel cable entry housing is one of our most popular solar products! Our solar panel weatherproof cable entry is perfect for speeding up your next solar project! Ideal for routing the cables through a wall, soffit, roof, or any other surface. Like all EZ products, it's fast and simple to install! Why Choose JB-3?

Q: These products are made of plastic, will they last over time?

A: This is a great question! The vast majority of JayBox® is an ever-adaptable junction box, designed to securely enclose wires on nearly any solar project-with ample space to shelter up to 4 module strings. It is a junction box with compelling features. Our boxes are compatible with industry standard bus bars, fuse.
