

Power generation container project

Overview

A containerized genset is a diesel or gas-powered generator that is housed within a specially designed ISO shipping container. This format offers a portable, weatherproof, and secure power generation unit that is ideal for a wide range of industrial, commercial, and emergency backup. Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions. Whether you need a container generator unit, a fully integrated. At the beginning of the Tier 4 transition, our engineering team had the opportunity to work with different customers in different markets to design and develop a line of high-power Tier 4 Final containerized generators.
