

Solar battery cabinet lithium battery pack discharge direct connection

Overview

Unbound Solar carries durable solar battery boxes and enclosures that are perfect for your off-grid or grid-tie with battery backup system. The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient balancing BMS, high-performance PCS, active safety system, smart distribution and HVAC into one. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. The box has an insulated base with removable middle section that minimizes lifting, easing battery installation. The plastic is easy to drill with hole saw to. These meticulously designed lithium-ion battery storage containers provide Lithium-ion Battery Safety, including 90-minute fire resistance against external sources.
