HTTP status code for update and delete?

What status code should I set for UPDATE (PUT) and DELETE (e.g. product successfully updated)?

Using PUT method in HTML form

Can I use a PUT method in an HTML form to send data from the form to a server?

[Use of PUT vs PATCH methods in REST API real life scenarios](#)

Since PUT requests include the entire entity, if you issue the same request repeatedly, it should always have the same outcome (the data you sent is now the entire data of the entity). Therefore PUT is

[How do I put my website's logo to be the icon image in browser tabs?](#)

The image next to the page title in the browser tab - how can you link an image here?

[What is the difference between PUT, POST, and PATCH?](#)

Difference between PUT, POST, GET, DELETE and PATCH in HTTP Verbs: The most commonly used HTTP verbs POST, GET, PUT, DELETE are similar to CRUD (Create, Read,

[What is the difference between POST and PUT in HTTP?](#)

PUT is used by FB to update the comment because an existing resource is being updated, and that is what PUT does (updates a resource). PUT happens to be idempotent, in contrast to POST.
